

La Paloma Greenhouse

Spring Catalog 2020

*Fostering independence for individuals with
intellectual and developmental disabilities through
horticultural training.*

La Paloma Greenhouse

La Paloma Greenhouse, a division of ARCA, provides vocational training and support for people with intellectual and developmental disabilities and cognitive disabilities.

Since 1984, these programs have provided meaningful work in a hands on environment where participants learn vocational skills including planning, planting, growing, selling and distributing the finest plants and flowers. These skills foster greater independence, self-confidence and the joy and dignity of contributing to our community.

An easy houseplant to cultivate, the colorful striped leaves of this plant range from deep green to purple with two silver bands.

Light: Indirect sun

Variegated Spider

Basket - \$8.25

Spider plants thrive in bright indirect sunlight. Soil needs to dry out between watering.

Light: Indirect sun

ARCA is a private, nonprofit organization founded in Albuquerque in 1957 by families looking for opportunities for their children with intellectual and developmental disabilities. Governed by volunteer boards of directors and councils, ARCA is the largest provider of community services in New Mexico. Every day, ARCA is privileged to serve nearly 700 cherished individuals ranging in age from 0—87+. Every day, individuals in ARCA's care give back to our community through dedicated employment and countless hours of volunteerism.

ARCA opens doors for individuals with intellectual and developmental disabilities to be valued members of the community.
